

TNT Supplement Tub A

Supplement for Beef Cattle
Canadian Reg.# 621168

This protein, energy, vitamin and mineral package is formulated for use on growing and mature beef cattle to compliment roughage (grass hay or dry grass pasture) and/or light grain. Provide plenty of drinking water and free choice salt.

This feed contains added selenium at 6 mg/kg.

Guaranteed Analysis

Crude Protein, min	6.00%
Crude Fat, min	4.00%
Crude Fiber, max	1.00%
Calcium (Ca), actual	4.25%
Phosphorus (P), actual	4.00%
Sodium (Na), actual	3.00%
Magnesium (Mg), actual	2.00%
Potassium (K), actual	2.00%
Copper (Cu), actual	1210 mg/kg
Iodine (I), actual	50 mg/kg
Manganese (Mn), actual	1000 mg/kg
Cobalt (Co), actual	5 mg/kg
Fluorine (F), max	66 mg/kg
Zinc (Zn), actual	1500 mg/kg
Vitamin A, min	440,000 IU/kg
Vitamin D, min	44,000 IU/kg
Vitamin E, min	440 IU/kg

INGREDIENTS

Beet Molasses, Sugarcane Molasses, Monocalcium Phosphate, Calcium Carbonate, Magnesium Oxide, Corn Distillers Grains with Solubles Dehydrated, Sodium Chloride, Vegetable Oil, Sunflower Meal, Copper Sulfate, Zinc Oxide Anhydrous, Dehydrated Aspergillus Oryzae Fermentation Extract, Manganous Oxide, Vitamin E Supplement [Reg No. 990674], Zinc Sulfate Monohydrate, Vitamin D3 Supplement [Reg No. 991163], Vitamin A Supplement, Sodium Selenite, Cobalt Sulfate, Ethylenediamine Dihydriodide and Potassium Iodide

Rvsd 2019-5-28 AJD Neon orange F#215

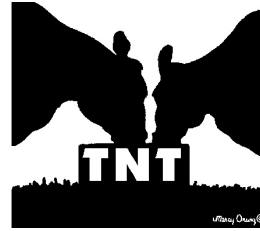

Selenium Caution: Directions for use must be carefully followed. Do not use in association with other feed containing supplemental selenium.

Feeding Recommendations: 113-165 grams (4-6 ounces or 1/4-1/3 lb.) per head per day. Product should be available continuously. Locate tubs near a source of water, salt or loafing areas. On open range locate tubs where animals congregate, near gaps or along trails. Variables in consumption could be temperature, humidity, type of animal, animal size, stage of production and animal health. The quality, source, availability of roughage and/or light grain may also affect consumption. Measure product upon first introduction to figure consumption. Tub holds approximately 3.2 kg/cm (18 lb. per inch). Increase consumption by decreasing number of head or adding another tub. To reduce consumption, increase number of head or move tubs away from congregating areas. If this fails, remove a tub. Always provide a fresh, clean source of water and free choice salt.

Caution: Contains high levels of copper.
Do not feed to sheep.

Manufactured
and Registered By:
